THE STUDIES OF FRESH- MAN YEAR

Candidates for the A.B. degree have 16 exercises per week during Freshman year, divided as follows:

Latin	4
Greek	4
Mathematics	4
English	2
French or German.....	2

The modern language which was offered for admission is continued through the year. But if a candidate for the A.B. degree has passed the entrance examination in French B or German B, he may take the more advanced course, corresponding to Sophomore work, or he may take the regular Freshman work (French 13 or German 13), or he may begin the other Modern Language (French 11 or German 11). The choice must be announced at the meeting in M 10 referred to above.

Candidates for the B.S. or Litt.B. degree have 17 exercises per week, as follows:

Latin	4
Mathematics	4
Physics or Chemistry.....	4
English	2
French or German.....	3

Candidates may take either Physics or Chemistry. Those who elect Chemistry in Freshman year must take Physics with the A.B. Sophomores in their second year.

Those who offered French A and German A for admission may continue with either language, taking French 13 or German 13 but not both. Those who offered French B or German B for admission may continue with the one offered, taking French 23 or German 23, or they begin the study of the other, taking French 11 or German 11. The choice in all cases must be announced at the meeting in M 10 referred to above.

Candidates for the C.E. degree have 16 exercises per week, as follows:

Mathematics	4
Physics	4
Chemistry	3
Graphics	2
English	2
Geodesy	1

LATIN

(Required of all candidates for the degrees of
A.B., Litt.B., B.S.)

Required Books:—

1. Latin-English Dictionary.
2. A Latin Grammar.
3. Sallust, *Bellum Catilinae*, edited by J. W. Scudder.
4. Livy, Books I, XXI and XXII, edited by J. H. Westcott.

The first recitation will be held as per schedule on Monday, September 26th, the assignment for which, for all divisions, will be Sallust—*Bellum Catilinae*, chapters 1 and 2.

The division rolls will be posted on the bulletin-board in the west entry of McCosh Hall on or before the morning of Monday, September 26th.

GREEK

Academic Freshmen in Greek II will be required to procure, at the beginning of the first term:

1. A Greek-English Lexicon.
2. A Greek Grammar.

3. Morgan's edition of Lysias, published by Ginn & Co.

The divisions of the class will be posted on the bulletin board at the west end of McCosh Hall on or before the morning of Monday, September 26th.

The hours and rooms allotted to the various divisions will be found in the printed schedule.

The first lesson for all the divisions will be the special introduction to Lysias' Oration xxii (Against the Graindealers) and the first four sections of the text.

ENGLISH

Freshmen will meet for English in divisions on Fridays and Saturdays according to the printed schedule. Every Freshman should consult the bulletin board in the west entry of McCosh Hall to find out the English division to which he has been assigned.

The first text book used is Macauley's Essay on Lord Clive (Macmillan), and the first lesson will be the first fourteen (14) pages of the text of this essay.

Course in Public Speaking and Debate. To

Freshmen who enter the Cliosophic or the American Whig Society there is offered, as a substitute for the regular Freshman English course, an elective course in Public Speaking and Debate. The elections to these societies take place during the first fortnight in October, and due notice of them will be given in *The Daily Princetonian*. Until that time all Freshmen are included in the general course.

MATHEMATICS

Plane Trigonometry.

Books: Plane Trigonometry,* Hun and MacInnes; Logarithmic and Trigonometric Tables, Crockett.

The lesson for the first recitation will be through Section 4 and the five examples in Section 5.

Spherical Trigonometry.

Books: The Elements of Spherical Trigonometry,* by J. G. Hun; Logarithmic and Trigonometric Tables, by Crockett.

The lesson for the first recitation will be through page 7 of the Trigonometry.

CHEMISTRY

All C.E. Freshmen are required to take Chemistry whether they have offered it for entrance or not. All Litt.B. and B.S. Fresh-

men are required to take either Chemistry or Physics. All Freshmen taking Chemistry will have two lectures and one recitation per week and the Litt.B. and B.S. men will have in addition one period of laboratory work of approximately three hours.

The class will report for the first lecture Monday, September 26th, at 11 o'clock, to Prof. Foster, room 12, Chemical Laboratory, southeast corner, Nassau and Washington street entrance, second floor. A note book must be brought to the lectures.

The quiz divisions and schedules will be announced later.

PHYSICS

All C.E. Freshmen and all Litt.B. and B.S. Freshmen who do not take Chemistry will report for the first lecture on Monday, September 26th, to Professor McClenahan in room 301 of the Palmer Physical Laboratory. C.E. men will report at 10 a. m.; all others at 11 a. m. Text book:—Crew.

UNIVERSITY BILLS

All University expenses, including board, must be paid in advance to the Treasurer of the University.

Students may take their meals at any house approved by the Curator, with the exception of Freshmen and Sophomores, all of whom are required to board at the University Dining Halls.

Students are required to call at the Treasurer's office in the course of the first ten days of each term, and to give information as to their place of boarding, etc., so that their bills can be made out. All bills must be paid within the first four weeks of the term. Failure to comply with this rule will deprive the student of the privileges of the University until payment is made, unless excused by special vote of the Faculty.

REMOVAL OF ENTRANCE CONDI- TIONS ON ACCOUNT OF GOOD STANDING

At the close of Freshman year any undergraduate against whom entrance conditions are recorded may be relieved from these con-

ditions provided that during the whole of Freshman year he has pursued the studies required of him in the Departments in which the conditions lie and has maintained a rank not lower than third group in each of the said studies, and provided also that he furnish a written statement from the Headmaster of his preparatory school that he has covered the ground stated in our entrance requirements.

If entrance conditions remain at the beginning of Sophomore year, an extra three hour course must be taken in the subject in question and a fee of ten dollars paid therefor. A failure in this course will count as a three hour condition.

CHOICE OF DEPARTMENT

Every student, excepting candidates for the C.E. degree, should notice early in his course that at the beginning of the Junior year choice must be made of a department in which he is to concentrate his study and that each department has certain pre-requisites which must be taken in the Sophomore year. Students, for example, who intend to enter the department of Biology in preparation for medical work

must take Chemistry during the Sophomore year and are advised to continue a Modern Language. A list of the departments and their pre-requisites will be found on pages 95 and 96 of the catalogue for 1909-10.

The electives for Sophomore year will be asked for before the close of second term, Freshman year.
